

HARBOUR MASTERS REPORT 2nd October 2024
Part 1

PMSC

Standing position until report is available.

On the 21/3/2023 I am pleased to report that The MCA undertook a Port Marine Safety Code Health Check. We are still awaiting the report. I have sent request to the MCA for a potential delivery date. I have had confirmation that this report should be available in time for our next meeting.

Further to my last, there still has not been a report produced. I will continue to pressure.

NAVIGATION

An application to establish a fixed mark on the Grampian castle has been submitted to Trinity House.

A supporting Draft Navigational risk assessment has been undertaken and revised. (Grampian Castle 26/09/2024)

I will also undertake a Habitat Regulations Assessment (HRA) initial assessment, to determine any significant effect. It is very unlikely to cause significant affects given Mussel Bank was found to have no likely effects requiring further assessment.

It is unlikely that any permission will be required with regards to Marine Licences as there will be no disturbance of the seabed.
